Shri Vaishnav Vidyapeeth Vishwavidyalaya

B.Tech CSE - 6.68   2021 - 2025

Shri Vaishnav academy

12th – 71   2020- 2021

PROJECT

OCHI

- **Purpose:** Showcasing skills in React and Tailwind CSS.
- **Technologies Used:** React for interface design and Tailwind CSS for styling.
- **Key Features:** Modular codebase using React components.
             Clean and user-friendly design.
- **Outcome:** Demonstrated front-end development capabilities through an engaging interface.

Shopping Cart website

Objective: Create a shopping cart website allowing users to purchase items and clothing, with secure user authentication.

Technologies: React.JS, Node.JS, Express.JS, Mongoose.

Key Contributions:

- Designed and developed the user interface using React to ensure a responsive and intuitive shopping experience.
- Implemented front-end functionalities for browsing and purchasing items and clothing.
- Integrated user authentication with OTP verification to secure authorized access.
- Focused on creating a clean, user-friendly design to enhance overall usability.

Achievements: Engaging web application with secure user management and an enhanced shopping experience.

SKILLS

Java , JavaScript, HTML, CSS, React.JS, Node.JS, Express.JS, Mongoose
